

Purpose of This Package

Use this package to figure and pay your estimated tax. Estimated tax is the method used to pay tax on income that is not subject to withholding (for example, earnings from self-employment, interest, dividends, rents, alimony, etc.). In addition, if you do not elect voluntary withholding, you should make estimated tax payments on unemployment compensation and the taxable part of your social security benefits. See the 2001 instructions for your tax return for details on income that is taxable.

This package is primarily for first-time filers who are or may be subject to paying estimated tax. This package can also be used if you did not receive or have lost your preprinted 1040-ES package. The estimated tax worksheet on page 4 will help you figure the correct amount to pay. The payment vouchers in this package are for crediting your estimated tax payments to your account correctly if you are paying by check or money order. You may also be able to pay by Electronic Federal Tax Payment System (EFTPS), electronic funds withdrawal (direct debit), or credit card. See pages 4 and 5 for details. Use the **Record of Estimated Tax Payments** on page 6 to keep track of the payments you have made and the number and amount of your remaining payments.

After we receive your first payment voucher from this package (or if you make your first payment by EFTPS, electronic funds withdrawal, or credit card), we will mail you a 1040-ES package with your name, address, and social security number (SSN) preprinted on each payment voucher. Use the preprinted vouchers to make your **remaining** estimated tax payments for the year if you are paying by check or money order. This will speed processing, reduce processing costs, and reduce the chance of errors.

Do not use the vouchers in this package to notify the IRS of a **change of address**. If you have a new address, file **Form 8822**, Change of Address. The IRS will update your record and send you new preprinted payment vouchers.

Who Must Make Estimated Tax Payments

In most cases, you must make estimated tax payments if you expect to owe at least \$1,000 in tax for 2002 (after subtracting your withholding and credits) and you expect your withholding and credits to be less than the **smaller** of:

1. 90% of the tax shown on your 2002 tax return **or**
2. The tax shown on your 2001 tax return (112% of that amount if you are not a farmer or fisherman and the adjusted gross income shown on that return is more than \$150,000 or, if married filing separately for 2002, more than \$75,000).

However, if you did not file a 2001 tax return or that return did not cover 12 months, item 2 above does not apply.

For this purpose, include household employment taxes (before subtracting advance EIC payments made to your employee(s)) when figuring the tax shown on your tax return if:

- You will have Federal income tax withheld from wages, pensions, annuities, gambling winnings, or other income **or**
- You would be required to make estimated tax payments to avoid a penalty even if you did not include household employment taxes when figuring your estimated tax.

Exception. You do not have to pay estimated tax if you were a U.S. citizen or resident alien for all of 2001 and you had no tax liability for the full 12-month 2001 tax year.

The estimated tax rules apply to:

- U.S. citizens and residents,
- Residents of Puerto Rico, the Virgin Islands, Guam, the Commonwealth of the Northern Mariana Islands, and American Samoa, and
- Nonresident aliens (use Form 1040-ES (NR)).

If you also receive salaries and wages, you may be able to avoid having to make estimated tax payments on your other

income by asking your employer to take more tax out of your earnings. To do this, file a new **Form W-4**, Employee's Withholding Allowance Certificate, with your employer.

You can also choose to have Federal income tax withheld on certain government payments. For details, see **Form W-4V**, Voluntary Withholding Request.

Caution: *You may not make joint estimated tax payments if you or your spouse is a nonresident alien, you are separated under a decree of divorce or separate maintenance, or you and your spouse have different tax years.*

Changes Effective for 2002

Use your 2001 tax return as a guide in figuring your 2002 estimated tax, but be sure to consider the changes noted in this section. For more information on the changes below and other changes that may affect your 2002 estimated tax, see Pub. 553.

Reduced Tax Rates. Most of the tax rates have decreased by $\frac{1}{2}\%$, a new 10% tax rate applies to all filers, and the rate bracket amounts have increased. See the **2002 Tax Rate Schedules** on page 2. The rate reduction credit no longer applies.

Credit for Qualified Retirement Savings Contributions. You may be able to claim a credit of up to \$1,000 for qualified retirement savings contributions (for example, contributions to an IRA or 401(k) plan) if your modified AGI is \$50,000 or less.

Credit for Pension Plan Startup Costs. A general business credit of 50% of the qualified pension plan startup costs of an eligible employer may be allowed. The maximum credit is \$500. An eligible employer is generally one who had 100 or fewer employees in the preceding tax year. See section 45E for more details.

Credit for Employer-Provided Child Care Costs. A general business credit of 25% of the qualified child care facility costs plus 10% of the qualified child care resource and referral costs may be allowed. The maximum credit is \$150,000. See section 45F for more details.

Adoption Credit. The maximum adoption credit has increased to \$10,000 per adopted child. The credit is allowed only if your modified AGI is less than \$190,000.

Certain Credits No Longer Reduce Alternative Minimum Tax (AMT). The credit for child and dependent care expenses, credit for the elderly or the disabled, education credits, mortgage interest credit, and District of Columbia first-time homebuyer credit no longer reduce AMT. However, the child tax credit, adoption credit, and the credit for qualified retirement savings contributions may reduce your AMT.

Student Loan Interest Deduction. The 60-month limit no longer applies. But you cannot take the deduction if your modified AGI is \$65,000 or more (\$130,000 or more if married filing jointly).

Deduction for Qualified Higher Education Expenses. You may be able to deduct up to \$3,000 of qualified higher education expenses paid for yourself, your spouse, or your dependents. But you cannot take the deduction if your modified AGI is more than \$65,000 (\$130,000 if married filing jointly). Also, you cannot claim both the deduction for qualified higher education expenses and a Hope or lifetime learning credit for the same student.

Traditional IRA Deduction Increased. You, and your spouse if filing jointly, each may be able to deduct up to \$3,000 (\$3,500 if age 50 or older at the end of 2002). If you are covered by a retirement plan, your modified AGI must be less than \$44,000 (less than \$64,000 if married filing jointly or qualifying widow(er)) to take a deduction.

Self-Employed Health Insurance Deduction. You may be able to deduct up to 70% of your health insurance expenses.

Estimated Tax Safe Harbor for Some Taxpayers. The estimated tax safe harbor that is based on the tax shown on your 2001 tax return is 112% of that amount if you are not a farmer or fisherman and the AGI shown on that return is more than \$150,000 or, if married filing separately for 2002, \$75,000.

Standard Mileage Rate. The rate for business use of a vehicle has increased to 36.5 cents a mile. The rate for use of your vehicle to obtain medical care or for deductible moving expenses has increased to 13 cents a mile.

Foreign Earned Income Exclusion. The maximum foreign earned income exclusion amount is \$80,000.

Disaster Relief Payments. Qualified disaster relief payments are excluded from gross income and net earnings from self-employment. Generally, such payments include the following amounts received as a result of a qualified disaster.

- Payments to cover personal, family, living, or funeral expenses.
- Payments for the repair or rehabilitation of a personal residence.
- Payments from common carriers made because of the physical injuries or death of an individual.
- Disaster payments received from a Federal, state, or local government or agency.

However, this exclusion does not apply to the extent any expense compensated by such payments was also compensated for by insurance or otherwise. For more details, see section 139.

Disability Income Exclusion. Gross income does not include amounts received as disability income attributable to injuries incurred as a direct result of any:

- Terrorist activity directed against the United States or any of its allies or
- Military action involving the U.S. Armed Forces and resulting from violence or aggression against the United States or any of its allies.

Standard Deduction. If you do not itemize your deductions, you may take the 2002 standard deduction listed below for your filing status.

Filing Status	Standard Deduction
Married filing jointly or Qualifying widow(er)	\$7,850
Head of household	\$6,900
Single	\$4,700
Married filing separately	\$3,925

However, if you can be claimed as a dependent on another person's 2002 return, your standard deduction is the **greater** of:

- \$750 or
- Your earned income plus \$250 (up to the standard deduction amount).

Your standard deduction is increased by the following amount if:

1. You are an unmarried individual (single or head of household) and are:
 - 65 or older or blind \$1,150
 - 65 or older and blind \$2,300
2. You are a married individual (filing jointly or separately) or a qualifying widow(er) and are:
 - 65 or older or blind \$900
 - 65 or older and blind \$1,800
 - Both spouses 65 or older \$1,800*
 - Both spouses 65 or older and blind \$3,600*

* If married filing separately, these amounts apply only if you can claim an exemption for your spouse.

To Figure Your Estimated Tax, Use:

- The **2002 Estimated Tax Worksheet** on page 4.
- The instructions for the worksheet on page 4 that begin on page 3.
- The **2002 Tax Rate Schedules** below.
- Your 2001 tax return and instructions, as a guide to figuring your income, deductions, and credits (but be sure to consider the changes noted earlier).

If you receive your income unevenly throughout the year (for example, because you operate your business on a seasonal basis), you may be able to lower or eliminate the amount of your required estimated tax payment for one or more periods by using the annualized income installment method. See Pub. 505 for details.

To amend or correct your estimated tax, see **Amending Estimated Tax Payments** below.

Instructions for Worksheet on Page 4

Line 1. Adjusted Gross Income. Use your 2001 tax return and instructions as a guide to figuring the adjusted gross income you expect in 2002 (but be sure to consider the changes noted earlier). For more details on figuring your adjusted gross income, see **Expected Adjusted Gross Income** in Pub. 505. If you are self-employed, be sure to take into account the deduction for one-half of your self-employment tax.

Line 8. Include on this line the additional taxes from **Form 4972**, Tax on Lump-Sum Distributions, or **Form 8814**, Parents' Election To Report Child's Interest and Dividends. Also include any recapture of the education credits.

Line 9. Credits. See the 2001 Form 1040, lines 43 through 50, or Form 1040A, lines 27 through 32, and the related instructions. However, be sure to see **Certain Credits No Longer Reduce Alternative Minimum Tax (AMT)** on page 1.

Line 11. Self-Employment Tax. If you and your spouse make joint estimated tax payments and you both have self-employment income, figure the self-employment tax for each of you separately. Enter the total on line 11. When figuring your estimate of 2002 net earnings from self-employment, be sure to use only 92.35% of your total net profit from self-employment.

Line 12. Other Taxes. Except as noted below, enter any other taxes, such as the taxes on accumulation distribution of trusts, distributions from an Archer MSA or Coverdell education savings account, and early distributions from (a) an IRA or other qualified retirement plan, (b) an annuity, or (c) a modified endowment contract entered into after June 20, 1988.

Include household employment taxes (before subtracting advance EIC payments made to your employee(s)) on line 12 if:

- You will have Federal income tax withheld from wages, pensions, annuities, gambling winnings, or other income **or**
- You would be required to make estimated tax payments (to avoid a penalty) even if you did not include household employment taxes when figuring your estimated tax.

Do not include tax on recapture of a Federal mortgage subsidy, social security and Medicare tax on unreported tip income, or uncollected employee social security and Medicare or RRTA tax on tips or group-term life insurance. These taxes are not required to be paid until the due date of your income tax return (not including extensions).

Line 17. If you are a household employer and you make advance EIC payments to your employee(s), reduce your required payment for each period by the amount of advance EIC payments paid during the period.

Payment Due Dates

You may pay all of your estimated tax by April 15, 2002, or in four equal amounts by the dates shown below.

1st payment	April 15, 2002
2nd payment	June 17, 2002
3rd payment	Sept. 16, 2002
4th payment	Jan. 15, 2003*

*You do not have to make the payment due January 15, 2003, if you file your 2002 tax return by January 31, 2003, **and** pay the entire balance due with your return.

Note: *Payments are due by the dates indicated whether or not you are outside the United States and Puerto Rico.*

If, after March 31, 2002, you have a large change in income, deductions, additional taxes, or credits that requires you to start making estimated tax payments, you should figure the amount of your estimated tax payments by using the annualized income installment method, explained in Pub. 505. Although your payment due dates will be the same as shown above, the payment amounts will vary based on your income, deductions, additional taxes, and credits for the months ending before each payment due date. As a result, this method may allow you to skip or lower the amount due for one or more payments. If you use the annualized income installment method, be sure to file **Form 2210**, Underpayment of Estimated Tax by Individuals, Estates, and Trusts, with your 2002 tax return, even if no penalty is owed.

Farmers and fishermen. If at least two-thirds of your gross income for 2001 or 2002 is from farming or fishing, you may do one of the following.

- Pay all of your estimated tax by January 15, 2003.
- File your 2002 Form 1040 by March 3, 2003, and pay the total tax due. In this case, 2002 estimated payments are not required to avoid a penalty.

Fiscal year taxpayers. You are on a fiscal year if your 12-month tax period ends on any day except December 31. Due dates for fiscal year taxpayers are the 15th day of the 4th, 6th, and 9th months of your current fiscal year and the 1st month of the following fiscal year. If any payment date falls on a Saturday, Sunday, or legal holiday, use the next business day.

Name Change

If you changed your name and made estimated tax payments using your old name, attach a statement to the front of your 2002 tax return. List all of the estimated tax payments you and your spouse made for 2002 and the name(s) and SSN(s) under which you made the payments.

Amending Estimated Tax Payments

To change or amend your estimated tax payments, refigure your total estimated tax payments due (line 16 of the worksheet on page 4). Then, use the worksheets under **Amended estimated tax** in Chapter 2 of Pub. 505 to figure the payment due for each remaining payment period. If an estimated tax payment for a previous period is less than $\frac{1}{4}$ of your amended estimated tax, you may owe a penalty when you file your return.

When a Penalty Is Applied

In some cases, you may owe a penalty when you file your return. The penalty is imposed on each underpayment for the number of days it remains unpaid. A penalty may be applied if you did not pay enough estimated tax for the year or you did not make the payments on time or in the required amount. A penalty may apply even if you have an overpayment on your tax return.

The penalty may be waived under certain conditions. See Pub. 505 for details.

Paying by Check or Money Order Using the Payment Voucher

There is a separate payment voucher for each due date. The due date is shown in the upper right corner. Please be sure you use the voucher with the correct due date for each payment you make. Complete and send in the voucher **only** if you are making a payment by check or money order. To complete the voucher, do the following.

- Type or print your name, address, and SSN in the space provided on the voucher. If filing a joint voucher, also enter your spouse's name and SSN. List the names and SSNs in the same order on the joint voucher as you will list them on your joint return. If you and your spouse plan to file separate returns, file separate vouchers instead of a joint voucher.
- Enter in the payment box of the voucher only the amount you are sending in by check or money order. When making payments of estimated tax, be sure to take into account any 2001 overpayment that you choose to credit against your 2002 tax, but **do not** include the overpayment amount in the payment box.
- Make your check or money order payable to the "**United States Treasury**." Do not send cash. To help us process your payment, enter the amount on the right side of the check like this: \$ XXX.XX. Do not use dashes or lines (for example, do not enter "\$ XXX-" or "\$ XXX $\frac{XX}{100}$ ").
- Write "2002 Form 1040-ES" and your SSN on your check or money order. If you are filing a joint voucher, enter the SSN that you will show first on your joint tax return.
- Enclose, but do not staple or attach, your payment with the voucher.

- Mail your payment voucher and check or money order to the address shown on page 6 for the place where you live.
- Fill in the **Record of Estimated Tax Payments** on page 6 for your files.

Paying by Electronic Federal Tax Payment System (EFTPS)

You can use EFTPS to submit your estimated payment electronically using the Internet, personal computer software, or phone. You can schedule payments for withdrawal up to 365 days in advance. You can make payments weekly, monthly, or quarterly. For more information, call 1-800-555-4477 or 1-800-945-8400, or visit the EFTPS Web Site at www.eftps.gov.

Paying by Electronic Funds Withdrawal

You may make one 2002 estimated tax payment when you electronically file your 2001 tax return by authorizing an electronic funds withdrawal (direct debit) from your checking or savings account. You will need to know your account number and your financial institution's routing number. You can check with your financial institution to make sure that an electronic withdrawal is allowed and to get the correct routing and account numbers. Whether or not you have a balance due on your electronically filed tax return, you can schedule one estimated tax payment with an effective date of April 15, 2002, June 17, 2002, or September 16, 2002. Check with your tax return preparer or tax preparation software for details. **Do not** send in a Form 1040-ES payment voucher when you schedule an estimated tax payment by electronic funds withdrawal.

Privacy Act and Paperwork Reduction Act Notice. The Privacy Act of 1974 and the Paperwork Reduction Act of 1980 require that when we ask you for information we must first tell you our legal right to ask for the information, why we are asking for it, and how it will be used. We must also tell you what could happen if we do not receive it and whether your response is voluntary, required to obtain a benefit, or mandatory under the law.

This notice applies to all papers you file with us. It also applies to any questions we need to ask you so we can complete, correct, or process your return; figure your tax; and collect tax, interest, or penalties.

Our legal right to ask for information is Internal Revenue Code sections 6001, 6011, and 6012(a), and their regulations. They say that you must file a return or statement with us for any tax for which you are liable. Your response is mandatory under these sections. Code section 6109 and its regulations say that you must provide your taxpayer identification number on what you file. This is so we know who you are, and can process your return and other papers.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and return information are confidential, as stated in Code section 6103.

We ask for tax return information to carry out the tax laws of the United States. We need it to figure and collect the right amount of tax.

We may give the information to the Department of Justice and to other Federal agencies, as provided by law. We may also give it to cities, states, the District of Columbia, and U.S. commonwealths or possessions to carry out their tax laws.
